MIND MAGIC

DO YOU NEED FUN & EXCITING AFTER-DINNER ENTERTAINMENT?

Through a series of mind-bending demonstrations, Frederic cleverly combines magic, suggestion, psychological techniques, and entertainment.

During the show, Frederic will duplicate a drawing a member of the audience will have made in secret. He will reveal a freely chosen word a spectator will have picked in a 400 page book. A prediction regarding three spectators will be shown to be 100% correct!

SECRETS OF THE CARD SHARPS

"Don't play cards with a stranger!"

Frederic Sharp has practiced the art of sleight-of-hand for more than twenty years and is a REAL card sharp. In this incredible display of skills, Frederic demonstrates how card "mechanics"

We have always received a top-class service and believe it to be a fantastic addition to the entertainment we provide in our Hospitality Suites and Executive Boxes, before a Premiership football fixture. We have also used his services at our annual Player of the Year Dinner and other events here at the Reebok Stadium. Frederic continues to amaze all those who see him!"

"We were wowed with Frederic's talent at a team meeting evening meal in early 2009 and inspired to use his talents for our exhibition event following in a few short months later. Having made the decision, it was not regretted, as Frederic did exactly what his company name suggests, magnetise crowds, slowly but surely visitors gravitated to the stand. Curiosity and human nature take over, once he had started his routine and deployed the "patter", the crowds began to build. A very successful day for us and Frederic. Well done"
